Parking Spaces at the Festival

1st option

There are parking spaces right in front of the Cairo. However, there are only very few of them and some are long term parking while others are short term parking only.

2nd option

Another possible parking space is in front of the Sparkasse at the street Megentheimerstraße; again, there are a few short-term and some long-term parking spaces available.

If you leave the parking lot in front of the Cairo, turn right, drive through the underpass, keep to your right and turn right into the parking lot of the Sparkasse.

3rd option

Parking is also possible at the Saalgasse. Most of the parking spaces there are for long-term parking, while a few in the back (coming from the Cairo) are for residents only.

Directions (starting from the Jugendkulturhaus Cairo):

Directions (starting from the Jugendkulturhaus Cairo):

Leave the parking lot in front of the Cairo, turn left and you will enter the Saalgasse immediately after the traffic light. The parking spaces are on the left side, which means you need to make a U-turn before you can park.

4th option and the BEST parking space:

The best parking lot available is the Talavera, a huge parking lot for long-term parking. There you can easily leave your car for 3 days and you will always find a free spot.

Directions (starting from the Jugendkulturhaus Cairo):

Leave the parking lot in front of the Cairo, turn left and keep going straight. You can follow signs leading to the Talavera from the traffic light at the Alte Mainbrücke. Keep going straight at the big intersection at the Dreikronenstraße and turn left into the Talavera.
